***We still need coordinators for a few classes. If you are willing to help spread the word to your classmates of 78, 79, 80, 81-84, 86, 87 or 89, please contact me. If you are seeing this and don't know who your coordinator is, also contact me.***

Note: Alcoholic beverages are prohibited because special use permits, the hiring of security guards, security deposits and other mandatory expenses related to allowing them just don't make any sense for an event like this.
